### ATTENTION, Farmers

If every farmer within a radius of 20 miles  
of Mountain Grove would keep 10 good cows,  
these averaging 150 pounds of butter fat a year,  
the cream delivered at the Mountain Grove  
Creamery at the prevailing prices, it would mean  
the annual payment of \$200,000.00 to those  
same farmers who live near and trade at Moun-  
tain Grove. Let the country people adopt the  
slogan: "Keep 10 good cows on each farm."
